

Public Works – Capital Project Underway

PROJECT TITLE: Old Archer Road Drainage

Project Description: The project proposes to evaluate alternatives to alleviate flooding in the Old Archer Road right of way. Design alternatives include construction of pumping facilities or elevating the roadway. This area experienced severe flooding during the 2004 Hurricane Francis storm event.

The Final design phase of the stormwater facility is underway and expected to be completed in March 2008.

- Size: TBD
- Total Project Funding: \$40,000
- Funding Source: Hazard Mitigation Grant Program
- Planning Phase: Complete
- Pre & Landscape Design: Complete
- Building Design: Not Applicable
- Initial Design Contract: Not Applicable
- Current Design Contract: JMT, Inc.
- Construction Contractor: TBD
- Initial Construction Contract: TBD
- Current Construction Contract : TBD

Design Complete:	0%
Original Construction Completion:	0%
Construction Complete to Date:	0%
Current Construction Completion:	0%
Estimated Completion Date:	2008 (Design)
